

## Virtual League – How to Use Kers

*Kers are free games that can be earned and used during Virtual Leagues.*

These free games are earned by playing the maximum amount of games in a week . The number of free games earned depend on each league setup.

Players can use their Kers for free games in that week or save them to use in later weeks .

Kers can be accumulated week to week and used whenever you wish throughout the league, but you must also play the max games in the week you wish to use them.

Individual players can also transfer their Kers to other players on their own team.

Players can check the status of their earned and used kers anytime using their Radikal Players online account.

A player card is required to use or transfer any Kers.
